

Prom and Graduation Information

ENHS Prom has been cancelled.

The school district is proud of our seniors and their accomplishment and we want to provide them the opportunity to celebrate with family and friends. The current restrictions and social distancing guidelines have made holding a traditional commencement impossible at this time.

We are asking you to save these dates for Graduation.

Saturday, May 30

Saturday, June 27

Saturday, July 25

Dates are pending subject to social distancing and guidelines set by the government. If guidelines will not allow the event, we will move to the next date.

We also are planning to video a commencement with each graduate receiving a diploma at the school and getting pictures with a limited number of family. This will be scheduled for a date in late May and will provide a ceremony honoring them in the event guidelines are not changed.

Updates will be provided through call messenger and also added to the district website.
